

# CAR AND LANDING FIXTURES

## Solutions for Alleviating Prices

From past to present, we owe it to our customers' expectations that define the limits of our products. The brand "Buttonshop - economic solutions" was born in 2007 in respect of supplying our customers' economic products.

Today, not only customers in our country but also customers worldwide know that we offer them an advantage of products with optimum prices, ready to be shipped from our warehouse or within the shortest delivery term.

No matter where they are in the world, they are aware that they can visit Buttonshop at Ametal for having products according to their needs with the best purchase conditions and within one day delivery.

Dynamic structure Buttonshop products improve with an aim of a visuality that is beyond the expectations.

# SADE SERIES

## With SADE FIXTURES WALLS NEVER BE SAME AGAIN

Having a slim and light structure, SADE Series is designed for those who like minimalist lines on the wall. The simple formed landing fixture, with standardized button and indicator, is also an economic and wallet friendly product.

\* Sade Fixtures can be ordered full compliant to Arcode, Serial Can-bus Systems.

# SMSC SERIES

## SOME THINGS NEVER GROW OLD

### SMSC Landing Indicators
